

Precision Die Sets

Contact Anchor Lamina for quoting and ordering information.

Anchor Lamina Precision Die Sets

Let us quote your precision plain-bearing or ball-bearing die sets.

EXAMPLES

Anchor Lamina will hold the following tolerances for you:

- Punch Holder and Die Holder parallel within .0005
- Die set assembly Left to Right, Front to Rear, parallel within .001
- Location of Pins and Bushings within .0005
- Plates upper and lower ground to .0003

At this time, we will manufacture precision die sets in 2-post, center-post and 4-post styles to your specifications.
